Fund the team from day one.

My Team → Team Settings → Joining fee

Joining fee

£ 1

Paid once by each new player, into your team's credit balance for pitch and tournament fees. Changing it only affects players who join from now on — the squad you already have keeps the fee they signed up under.

Save Joining Fee

Set the amount each new player contributes, then tap Save Joining Fee.

Existing players keep their original fee. Captains pay their applicable fee through Top Up too.

Bring your people together.

My Team → Team Settings → Invite link

Invite link

Send this to your players. Anyone who opens it joins Test team straight away — no join request for you to approve.

Copy link

My Team → Team Settings → Co-captains

Co-captains

A co-captain can do everything you can — post games, manage matches, pick line-ups, enter tournaments and spend team credit. The one thing they can't do is appoint other co-captains.
