

Your squad. Your control centre.

Start on Home

Use Home for team money and availability. Find Matches is further down the same page.

- 1 Team Money: top up, collect and track payments.
- 2 Availability Poll: ask for dates and review replies.

Calendar lists events; My Team manages your squad. Korean Tournament dates, balances and prices here are examples.

Set your joining fee.

My Team → Team Settings → scroll down

Choose the one-off amount each new player puts into the team’s credit balance.

Joining fee

1

£ 1

Paid once by each new player, into your team’s credit balance for pitch and tournament fees. Changing it only affects players who join from now on — the squad you already have keeps the fee they signed up under.

2

Save Joining Fee

- 1 Enter your chosen joining fee.
- 2 Tap Save Joining Fee to apply it to future joiners.

Existing players keep their original fee. Captains owe their applicable fee too: pay through Top Up.

Invite the squad. Share the jobs.

My Team → Team Settings

The same page holds your invite link and the co-captain controls.

Invite link

Send this to your players. Anyone who opens it joins Test team straight away — no join request for you to approve.

Co-captains

A co-captain can do everything you can — post games, manage matches, pick line-ups, enter tournaments and spend team credit. The one thing they can't do is appoint other co-captains.

TPTest Player 1

2

Make co-captain

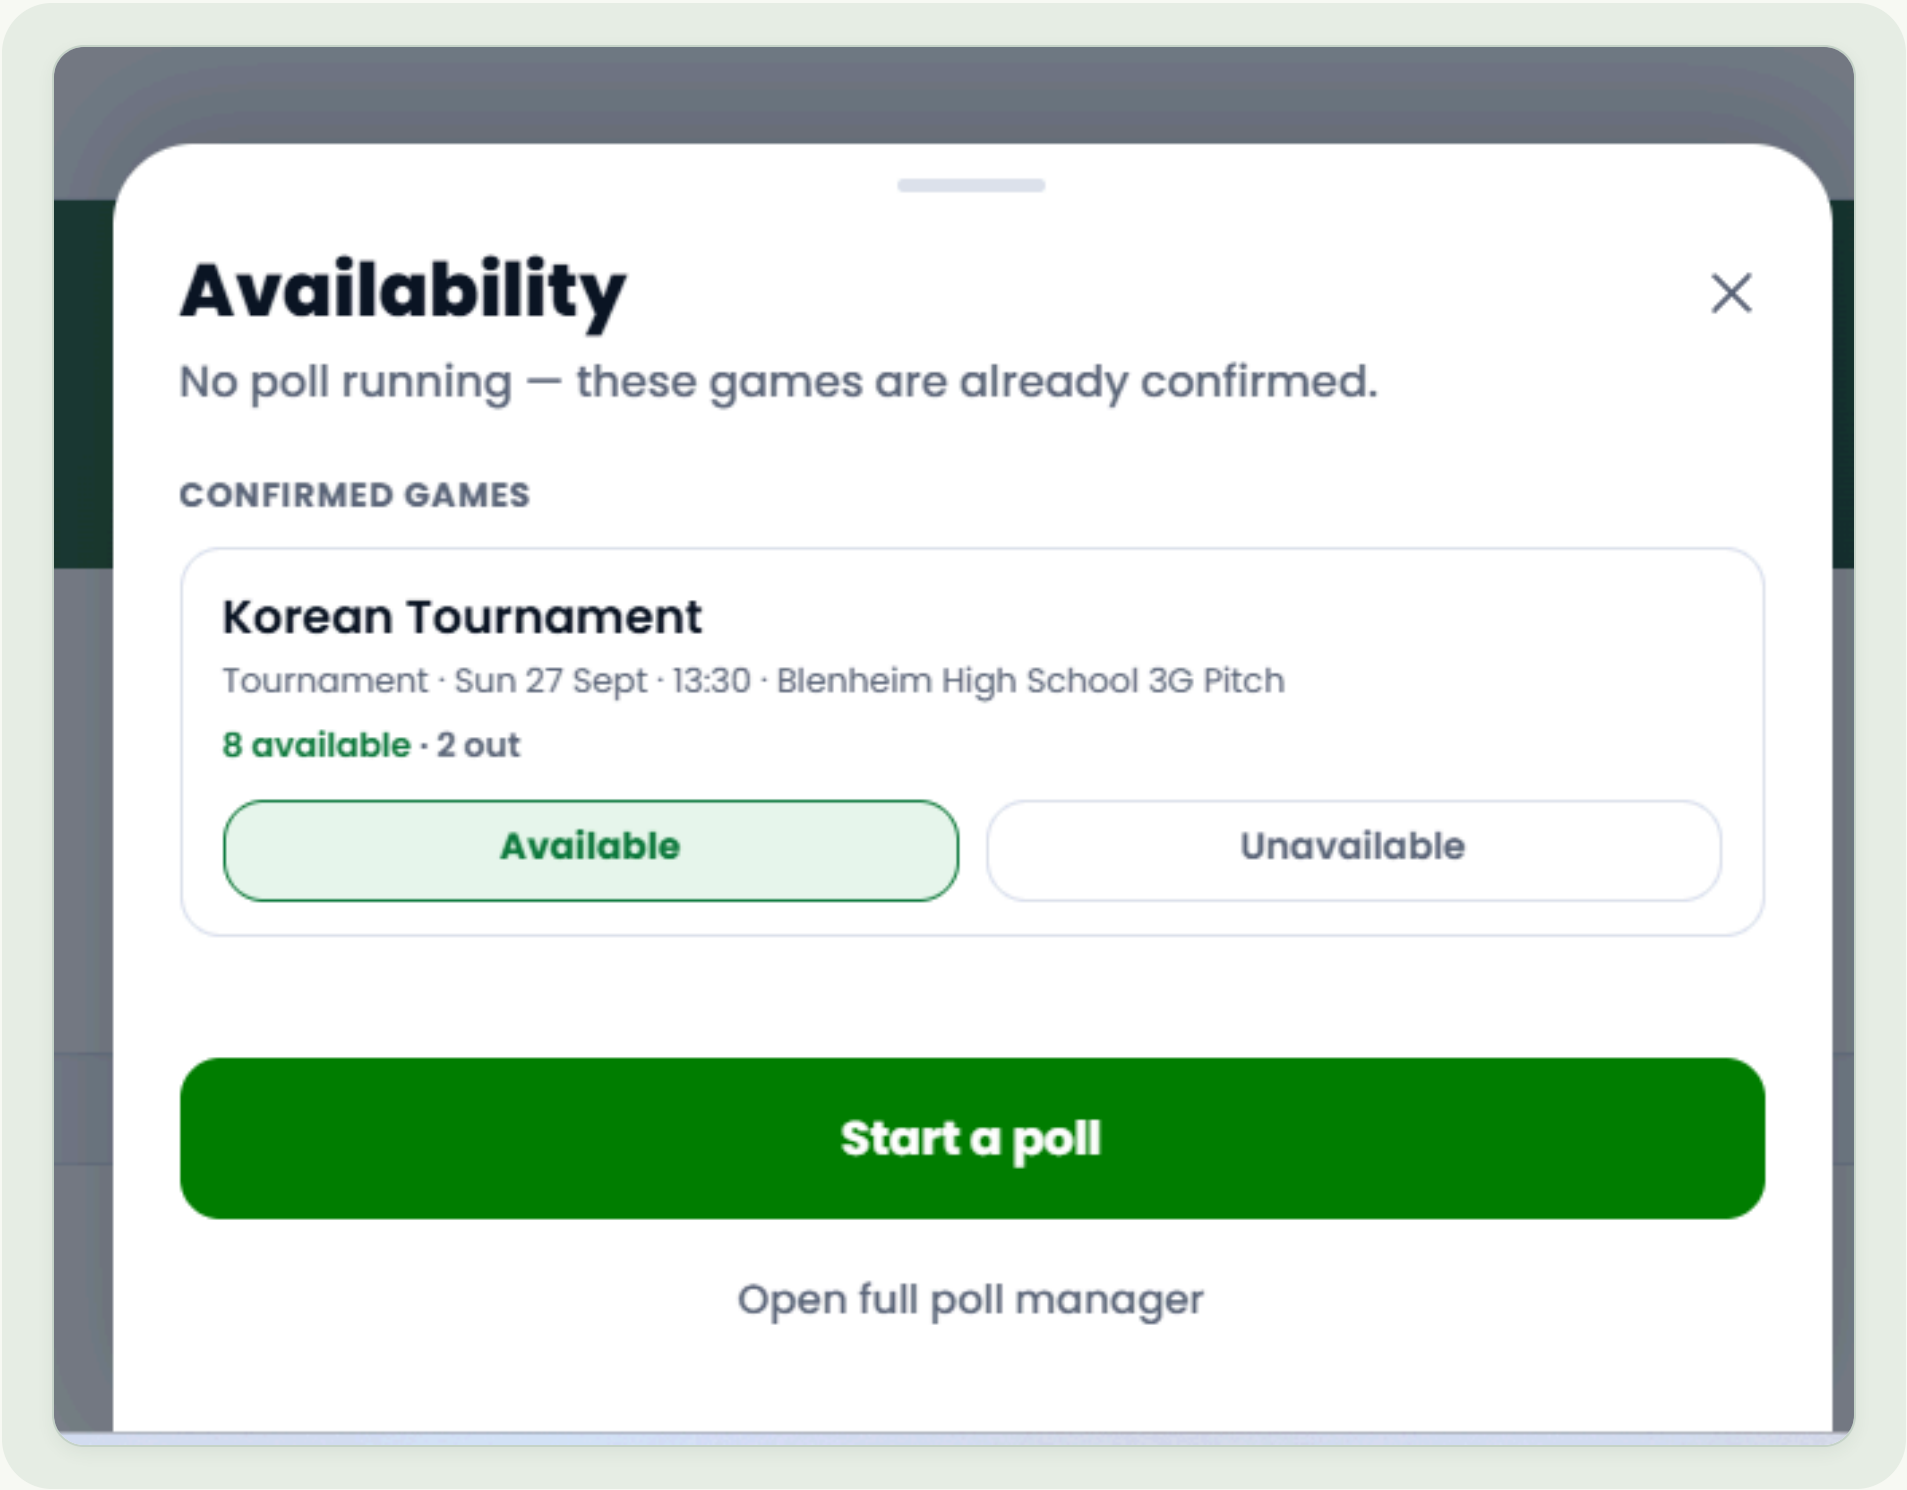

- 1 Copy link: send it to players to let them join directly.
- 2 Make co-captain: give an approved member management access.

Co-captains can spend team credit and manage events. Only the main captain can appoint co-captains.

Track availability. Plan your next fixture.

Home → Availability Poll

Track who can play confirmed fixtures, or start an availability poll to choose a day for your next fixture.

- 1 Confirmed Games shows availability for existing fixtures.
- 2 Start a poll to find out which day works for your squad.

Use the same Availability screen for both booked fixtures and planning new ones.

Enter Korean Tournament.

Home → Find Matches → Korean Tournament

Before entry, top up enough team credit. Open the tournament's entry option and review the buy-in.

✓ Your team is entered

See it on your calendar >

View schedule & referees >

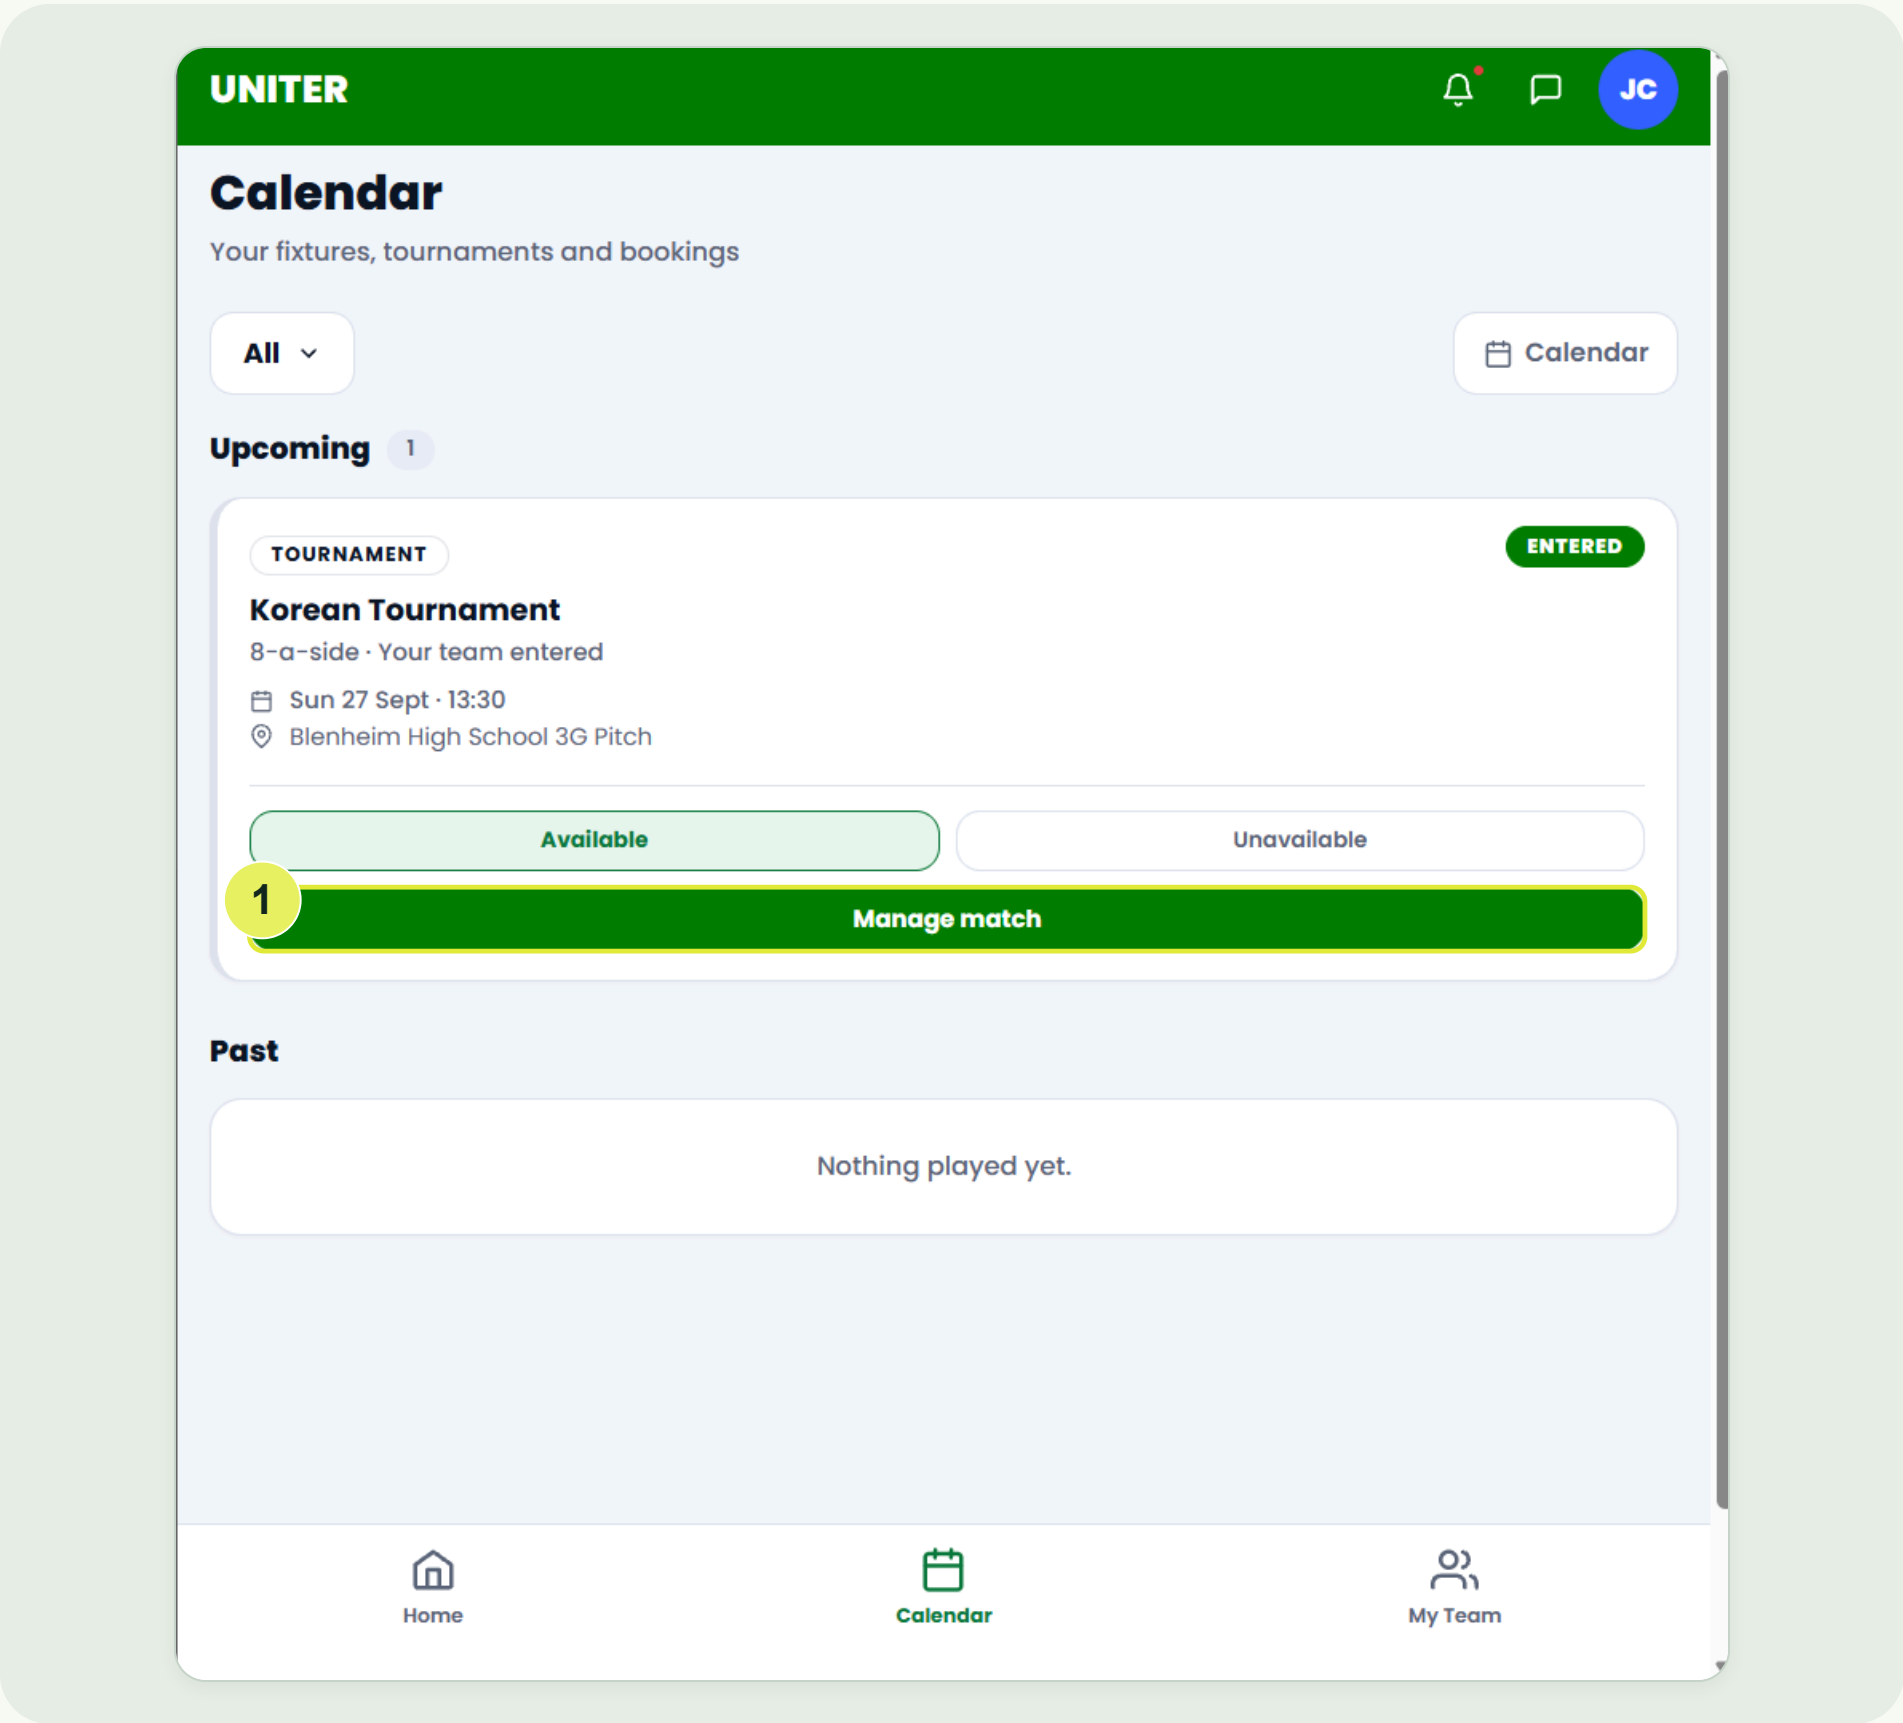

- 1 Before entering: review, then tap Pay £... & Enter.
- 2 After entry: check Your team is entered and open Calendar.

This team is already entered. The example £50 buy-in came from team credit; players contribute separately.

Manage your match. Set the lineup.

Calendar → your fixture → Manage match

Open Calendar and tap Manage match on your fixture to choose the lineup.

- 1 Tap Manage match to open the fixture’s management screen.
- 2 Choose your formation, assign players and save the lineup.

For a tournament, select the game you want to manage. Each game can have its own lineup.

Choose a formation. Set your lineup.

Your game → Lineup

Set the formation and starting players for this game on the Lineup screen.

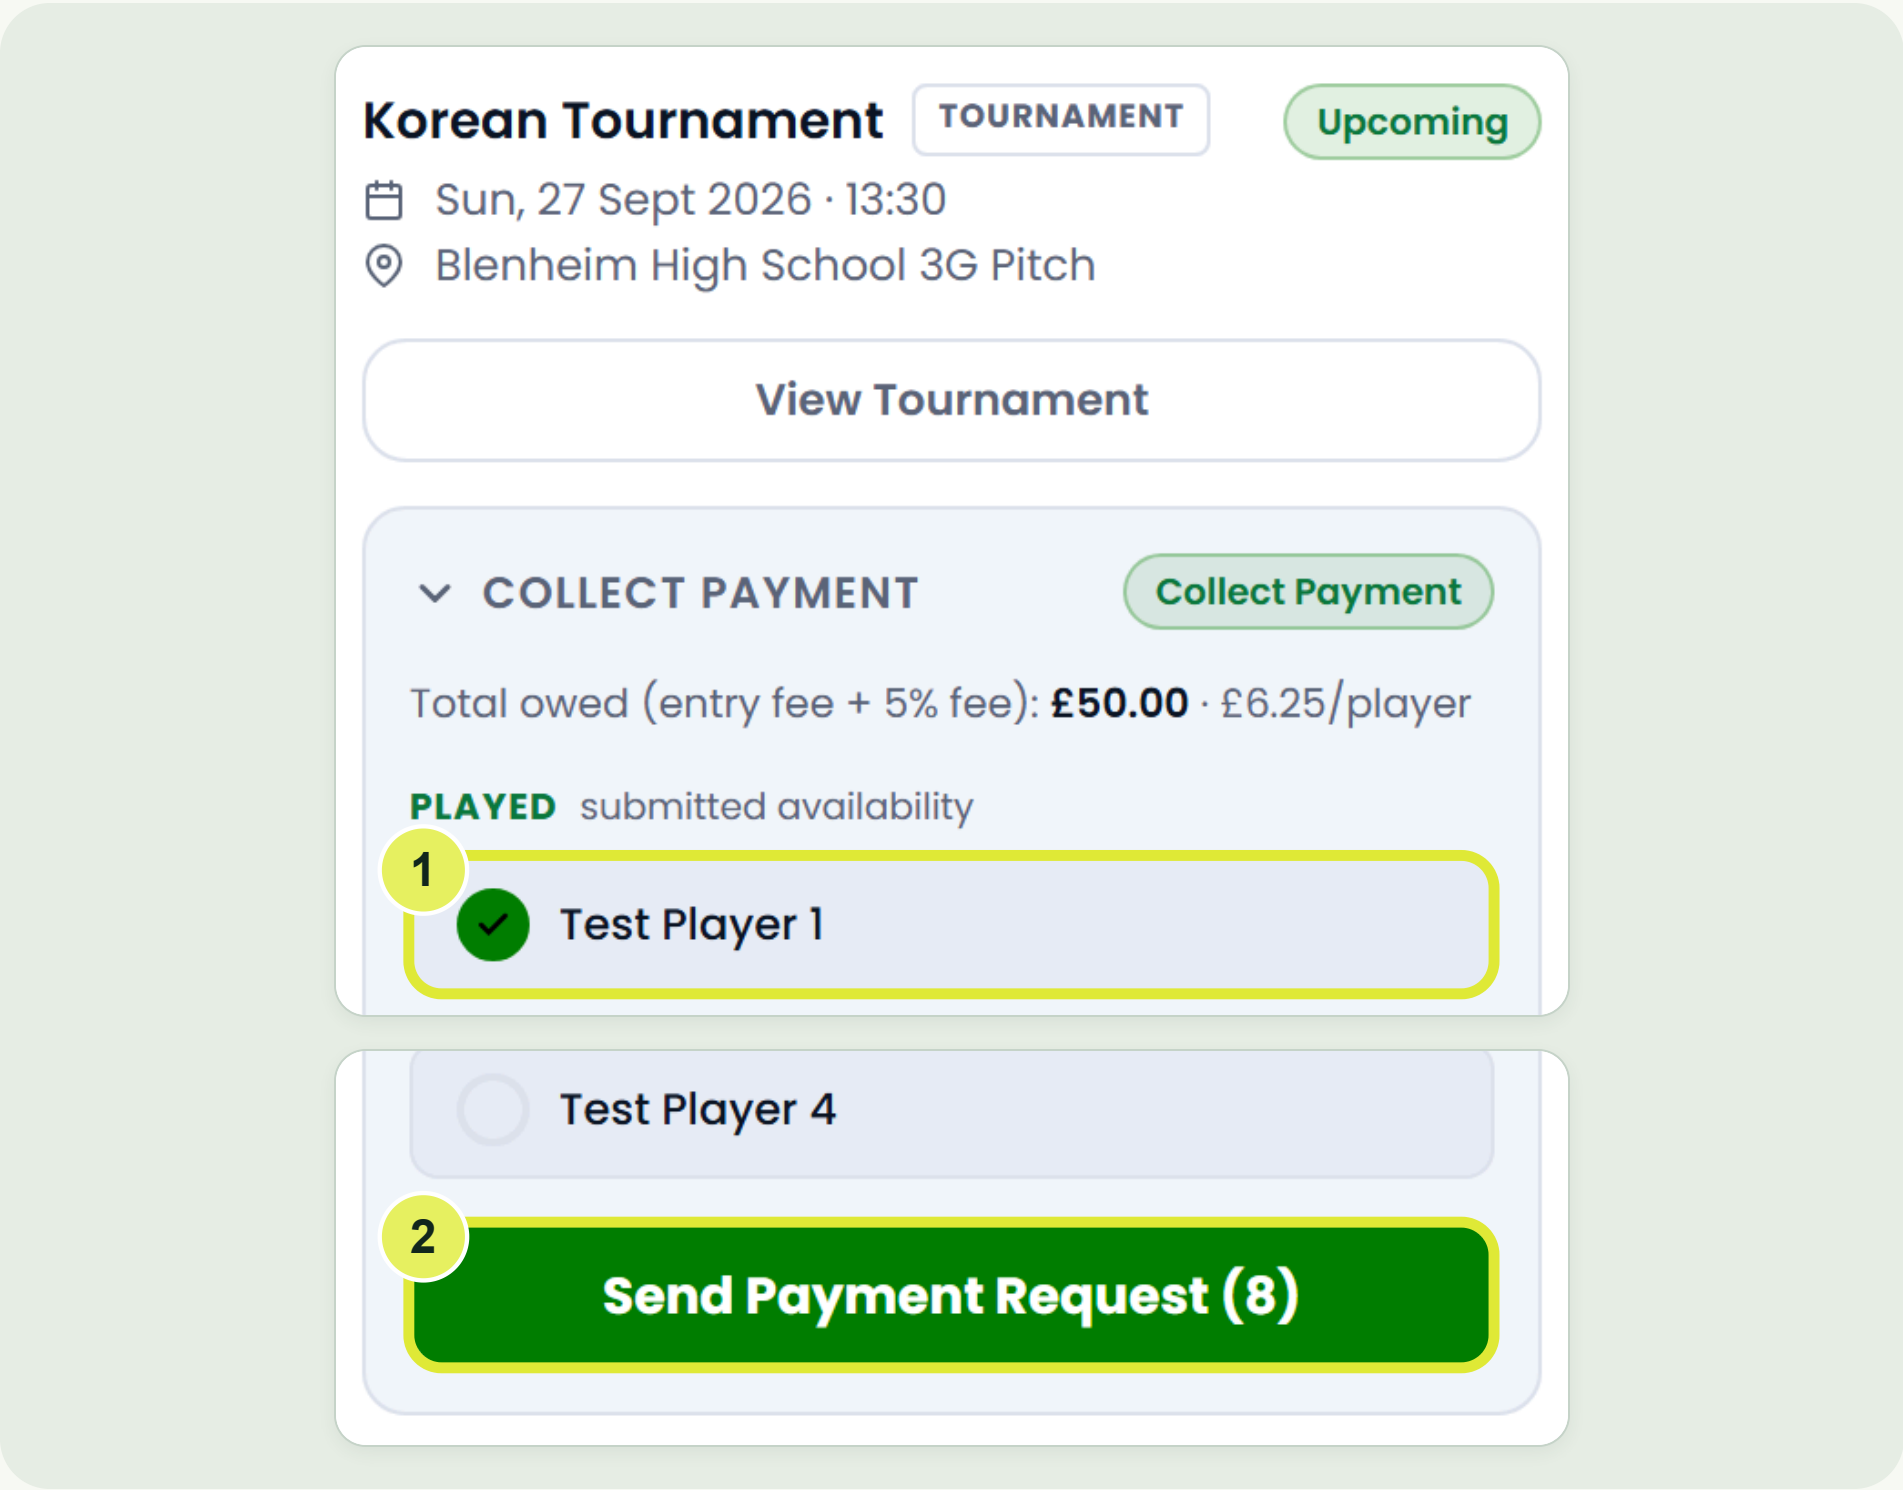

- 1 Choose a formation using the buttons above the pitch.
- 2 Tap each position and choose the player to assign.

Scroll down and tap Save Lineup. You can save a different formation and lineup for each tournament game.

Collect payments after each game.

Home → Settle Payments → Korean Tournament

Scroll past joining fees and open Collect Payment. Review the total, player selection and per-player share.

- 1 Select the players who should contribute. Check the split.
- 2 Tap Send Payment Request for the selected players.

Sending a request does not charge a card. The screenshot is before sending; players pay through Top Up.

Check payments. Follow up.

Home → Settle Payments / Payment Status

Settle Payments tracks joining fees and event contributions. Payment Status opens outstanding game payments.

2 Payment Status

Settle Payments

- 1 Use Remind beside an unpaid joining fee.
- 2 Open Payment Status to follow up outstanding game payments.

Only mark Paid after receiving a contribution. The tick records receipt; it does not charge a card or add team credit.
